

## Looking for fresh, local, and seasonal vegetables? The Hebenshausen Vegetable Collective got you covered!

Join our Community-Supported Agriculture (CSA) for the upcoming season, running from April 2025 to March 2026. As a member, you'll enjoy a share of our weekly harvest—grown with care using organic practices. From crisp lettuce to flavorful heirloom tomatoes, we cultivate over 50 crops and 100 varieties to fill your table with vibrant, healthy produce.

Here's how it works: Your monthly contribution supports our farm's operations, and in return, you receive a share of everything we grow. We believe in fairness, so you can set your contribution based on your financial situation—making it possible for everyone to take part.

Our pickups are easy and convenient, with locations in Hebenshausen, Groß Schneen, and Göttingen. Plus, by joining, you're not just getting amazing veggies—you're supporting sustainable farming and sharing in the joys and challenges of agriculture.

Spaces are limited, so don't wait! Sign up now and become part of a community that values fresh food, local farming, and mutual support.
